Building Together:

Together, let's shape the future of the Ontario housing industry!

2024 Housing Summit Overview:

- Collaboration across the Regions to ensure there is a sufficient housing supply for residents now and in the future, that is affordable and addresses the different life stages.
- Population trends and housing demand in Ontario – people moving out of major centers to the surrounding rural communities and the effects.
- The importance of streamlining approval processes in order to get shovels in the ground faster.
- Opportunities to create much needed housing supply through ADUs, multiplexes, etc.
